Sommario/riassunto

It's been 10 years since the release of the first edition of *60 Hikes Within 60 Miles: Seattle*, which makes 2016's third edition the 10th Anniversary Edition! This popular hiking guide has been completely updated by authors Andrew Weber and Bryce Stevens for this new release, featuring three all-new hikes: Evans Creek Preserve, Mount Teneriffe and Teneriffe Falls, and Greider Lakes. Brand-new header info for all 60 hikes includes vital information on hiking with dogs. There is also updated trail information, text, maps, and/or photos, etc., for such hikes as Iron Goat Trail, Nisqually National Wildlife Refuge, Dirty Harry's Peak, Flaming Geyser State Park, Mailbox Peak, Franklin Falls, and many others. In addition, the book covers Washington State's two newest Wilderness Areas, Wild Sky Wilderness (established 2008) and Alpine Lakes Wilderness (expanded in 2014).
