Sommario/riassunto	With its Collection Cahiers d'Artistes, Pro Helvetia enables aspiring Swiss artists the publication of an initial monograph to their name. Cahiers d'Artistes enables Pro Helvetia to publicise trends in the contemporary Swiss arts scene both at home and abroad. The Cahiers d'Artistes series was launched by the Arts Council in 1984 and has been published by Edizioni Periferia, Lucerne/Poschiavo since 2006. An online platform for the Collection Cahiers d'Artistes has been created at cahiers.ch. It contains additional information and texts on the artists selected for the current series and makes all the monographs published over the past 30 years available in digitised form.
