Titolo	Coordination in service value networks [[electronic resource] ] : a mechanism design approach // by Benjamin Sebastian Blau
Pubbl/distr/stampa	KIT Scientific Publishing, 2011 Karlsruhe, Germany : , : KIT Scientific Publishing, , 2011
ISBN	1000023975
Descrizione fisica	1 online resource (xiv, 242 pages) : illustrations, charts; digital, PDF file (s)
Collana	Studies on eOrganisation and market engineering ; ; 13
Disciplina	338.47
Soggetti	Business
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	I. Foundations --II. Design & implementation --III. Evaluation --IV. Finale.
Sommario/riassunto	The fundamental paradigm shift from traditional value chains to agile service value networks (SVN) implies new economic and organizational challenges. This work provides an auction-based coordination mechanism that enables the allocation and pricing of service compositions in SVNs. The mechanism is multidimensional incentive compatible and implements an ex-post service level enforcement. Further extensions of the mechanism are evaluated following analytical and numerical research methods.
