

1. Record Nr.	UNINA9910137117303321
Autore	Shiotani Akiko
Titolo	Management of Helicobacter pylori-related diseases // Akiko Shiotani, David Y. Graham
Pubbl/distr/stampa	Philadelphia, Pennsylvania : , : Elsevier, , 2015 ©2015
ISBN	0-323-39566-X
Descrizione fisica	1 online resource (246 p.)
Collana	Gastroenterology Clinics of North America, , 0889-8553 ; ; Volume 44, Number 3
Disciplina	579.34
Soggetti	Helicobacter pylori
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Clinics Review Articles."
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Cover image; Title page; Table of Contents; Copyright Page; Contributors; Consulting Editor; Editors; Authors; Forthcoming Issues; Forthcoming Issues; Recent Issues; Foreword: Helicobacter pylori; Preface: Helicobacter pylori: New Thoughts and Practices; Diagnosis of Helicobacter pylori Infection in the Proton Pump Inhibitor Era; Key points; Introduction; Invasive tests; Serology; Summary: diagnosis of Helicobacter pylori infection in the proton pump inhibitors era; Practical Aspects in Choosing a Helicobacter pylori Therapy; Key points; Introduction; Choice of therapy; First-line regimens Rescue therapyProbiotics; Summary; How to Effectively Use Bismuth Quadruple Therapy; Key points; Background; Bismuth in the era of new concepts regarding pathogenesis and treatment of peptic ulcer; Bismuth quadruple therapy for H pylori eradication; The effect of metronidazole resistance as examined by meta-analysis; Calculation of the effectiveness of bismuth quadruple therapy; Adherence (compliance) with bismuth quadruple therapy; How to make bismuth quadruple therapy more acceptable; Doxycycline Examination of outcome in regions where bismuth quadruple therapy frequently fails (eg, Turkey and Iran)Bismuth, tetracycline, amoxicillin, proton pump inhibitors quadruple therapy; Bismuth sequential therapies; Information needed to obtain generalizable results; Issues

ripe for systematic study; Proton pump inhibitors dosage; Efficient study design; Recommendations; Is There a Role for Probiotics in Helicobacter pylori Therapy?; Key points; What probiotics are; Probiotics; Probiotics as adjuvant therapy for Helicobacter pylori eradication; Probiotics as cure for Helicobacter pylori infection SummaryMolecular Approaches to Identify Helicobacter pylori Antimicrobial Resistance; Key points; Molecular determination of Helicobacter pylori resistance to macrolides; Molecular determination of Helicobacter pylori resistance to fluoroquinolones; Molecular determination of Helicobacter pylori resistance to tetracycline; Molecular determination of Helicobacter pylori resistance to other antibiotics; When Is Endoscopic Follow-up Appropriate After Helicobacter pylori Eradication Therapy?; Key points; Introduction; Helicobacter pylori eradication; Uninvestigated and nonulcer dyspepsia Peptic ulcerPremalignant gastric lesions and early gastric cancer; Hereditary risk for gastric cancer; Mucosa-associated lymphoid tissue lymphoma; Summary; Gastric Cancer Risk in Patients with Helicobacter pylori Infection and Following Its Eradication; Key points; Introduction; Helicobacter pylori infection is the most important determinant of gastric cancer risk; Gastric cancer risk: epidemiologic trends; Gastric cancer risk: the assessment; Gastric cancer risk in eradicated patients; Summary; Molecular Pathogenesis of Helicobacter pylori-Related Gastric Cancer; Key points; Introduction
Classifications and characterizations of gastric cancer
