

1. Record Nr.	UNINA9910137549203321
Autore	Wang J. K.
Titolo	Thermohydrodynamic instability in fluid-film bearings / / Jianke Wang, Michael M. Khonsari
Pubbl/distr/stampa	Chichester, West Sussex, England : , : Wiley, , 2016 ©2016
ISBN	1-118-53634-7 0-470-05942-7
Descrizione fisica	1 online resource (241 p.)
Disciplina	621.8/22
Soggetti	Fluid-film bearings - Design and construction Hydraulics Fluid dynamics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Fundamentals of hydrodynamic bearings -- Governing equations for dynamic analysis -- Conventional methods on system instability analysis -- Introduction to hopf bifurcation theory (HBT) -- Application of HBT to fluid-film bearings -- Analysis of thermohydrodynamic instability.
