Collana	Philosophie de la connaissance au College de France
Soggetti	Philosophy & Religion Philosophy
Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	<p>orn in 1926 in Chicago, Hilary Putnam is one of the great figures of contemporary philosophy, whose diverse work crosses the philosophy of mathematics, science, spirit and language, but also ethics and metaphysics . Critic of logical empiricism, never ceasing to assert its internal realism, Putnam gradually came closer to pragmatism, which in his eyes constitutes the best parade, theoretical and practical, to relativism.It is this itinerary that we retrace here. The delicacy of the reading of the classic pragmatists - Pierce, James, Dewey, or even Wittgenstein - as well as the proposed extension of the concept of pragmatism allow to appreciate the ambivalence of Putnam's work but also of one of the currents major philosophical twentieth century.</p>
