Sommario/riassunto	This authoritative introduction explores the four main non-transformational syntactic frameworks: Head-driven Phrase Structure Grammar, Lexical-Functional Grammar, Categorical Grammar, and Simpler Syntax. It also considers a range of issues that arise in

connection with these approaches, including questions about processing and acquisition. An authoritative introduction to the main alternatives to transformational grammar. Includes introductions to three long-established non-transformational syntactic frameworks: Head-driven Phrase Structure Grammar, Lexical-Functional Gr
