Sommario/riassunto	Construction work is about to begin on a new "intelligent" primary school for 300 students (later to be expanded for 600) in the Municipality of Solaro in the province of Milan. This is the first primary school building in Italy designed according to the principles of the "intelligent school" as defined by the Centre for Educational Innovation and Experimentation of Milan (CISEM). The building received the 2006 EUROSOLAR Prize.
