Record Nr.	UNINA9910138300803321
Autore	Manoj Kumar Tiwari
Titolo	Swarm Intelligence, Focus on Ant and Particle Swarm Optimization / / edited by Felix T. S. Chan and Manoj Kumar Tiwari
Pubbl/distr/stampa	IntechOpen, 2007 Rijeka : , : IntechOpen, , 2007 ©2007
ISBN	953-51-5816-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (xv, 532 pages) : illustrations (some color)
Disciplina	006.3
Soggetti	Swarm intelligence
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	In the era globalisation the emerging technologies are governing engineering industries to a multifaceted state. The escalating complexity has demanded researchers to find the possible ways of easing the solution of the problems. This has motivated the researchers to grasp ideas from the nature and implant it in the engineering sciences. This way of thinking led to emergence of many biologically inspired algorithms that have proven to be efficient in handling the computationally complex problems with competence such as Genetic Algorithm (GA), Ant Colony Optimization (ACO), Particle Swarm Optimization (PSO), etc. Motivated by the capability of the biologically inspired algorithms the present book on ""Swarm Intelligence: Focus on Ant and Particle Swarm Optimization"" aims to present recent developments and applications concerning optimization with swarm intelligence techniques. The papers selected for this book comprise a cross-section of topics that reflect a variety of perspectives and disciplinary backgrounds. In addition to the introduction of new

1.

scheduling; structural design; environmental dispatching problems; wireless communication; water distribution systems; multi-plant supply chain; fault diagnosis of airplane engines; and process scheduling. I believe these 27 chapters presented in this book adequately reflect these topics.
