

1. Record Nr.	UNINA9910138441003321
Autore	Kusic-Tisma Jelena
Titolo	DNA replication and related cellular processes
Pubbl/distr/stampa	IntechOpen, 2011 Rijeka, Croatia : , : IntechOpen, , 2011 ©2011
ISBN	953-51-5158-4
Descrizione fisica	1 online resource (314 pages)
Soggetti	MEDICAL / Genetics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Since the discovery of the DNA structure researchers have been highly interested in the molecular basis of genome inheritance. This book covers a wide range of aspects and issues related to the field of DNA replication. The association between genome replication, repair and recombination is also addressed, as well as summaries of recent work of the replication cycles of prokaryotic and eukaryotic viruses. The reader will gain an overview of our current understanding of DNA replication and related cellular processes, and useful resources for further reading.
