

1. Record Nr.	UNINA9910138888903321
Titolo	Acta ethologica
Pubbl/distr/stampa	New York, : Springer-Verlag New York
ISSN	1437-9546
Descrizione fisica	1 online resource
Disciplina	591.5
Soggetti	Animal behavior Human behavior Psychobiology Éthologie Comportement humain Psychobiologie Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	Publishes research papers (both empirical and theoretical contributions), short communications, reviews and book reviews in the field of ethology and related disciplines, with a strong bearing on the behavior biology of humans and other animals. Special emphasis is placed on studies integrating proximate (i.e. mechanisms, development) and ultimate (i.e. function, evolution) levels in the analysis of behavior.
