Collana	Campus Historische Studien ; ; 83
Disciplina	325.3
Soggetti	Colonies - Administration
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Eine Besonderheit der spanischen Kolonialherrschaft ist das explizite Verbot für »Ausländer«, nach Amerika zu reisen oder sich dort anzusiedeln. Dennoch lebten viele Immigranten englischer, portugiesischer, italienischer oder französischer Herkunft in den hispano-amerikanischen Kolonien. Diese »extranjeros«, deren Ausweisung zwar oft angeordnet, aber selten praktiziert wurde, stehen im Zentrum der Studie. Martin Biersack geht dem widerspruchlichen und oft spannungsreichen Verhältnis von »Spaniern« und »Ausländern«, Norm und Praxis, Duldung und Ausweisung nach und kann so erklären, wie und warum die Integration nichtspanischer Immigranten in die vormoderne koloniale Gesellschaft gelang, obwohl sie formal von dieser ausgeschlossen waren.

Sommario/riassunto

This collection of essays takes the reader from the early 19th century struggle between female midwives and male physicians right up to the late 20th century emergence of professionally trained women physicians vying for a place in the medical hierarchy. The bitter conflict for control of birthing and other aspects of domestic health care between female lay healers, particularly midwives, and the emerging male-dominated medical profession is examined from new perspectives.
