

1. Record Nr.	UNINA9910138966903321
Autore	Scudamore Cheryl L
Titolo	A practical guide to the histology of the mouse // Cheryl L. Scudamore ; cover design by Steve Thompson ; Elizabeth McInnes [and four others], contributors
Pubbl/distr/stampa	Chichester, England : , : Wiley-Blackwell, , 2014 ©2014
ISBN	1-118-78947-4 1-118-78956-3 1-118-78953-9
Descrizione fisica	1 online resource (250 p.)
Altri autori (Persone)	ThompsonSteve McInnesElizabeth
Disciplina	616.027333
Soggetti	Mice as laboratory animals
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Necropsy of the mouse -- Practical approaches to reviewing and recording pathology data -- Gastrointestinal system -- Cardiovascular system -- Urinary system -- Reproductive system -- Endocrine system -- Nervous system -- Lymphoid and haematopoietic system -- Integument and adipose tissue -- The respiratory system -- Special senses -- Musculoskeletal.
Sommario/riassunto	A Practical Guide to the Histology of the Mouse provides a full-colour atlas of mouse histology. Mouse models of disease are used extensively in biomedical research with many hundreds of new models being generated each year. Complete phenotypic analysis of all of these models can benefit from histologic review of the tissues. This book is aimed at veterinary and medical pathologists who are unfamiliar with mouse tissues and scientists who wish to evaluate their own mouse models. It provides practical guidance on the collection, sampling and analysis of mouse tissue samp
