Sommario/riassunto	"Strategic Nonviolent Power proposes that the route to what Gandhi described as the "undreamt of and seemingly impossible discoveries" of nonviolent resistance is the application of rigorous science. Although not a simple science, Mattaini's application of ecological science grounded in the science of behaviour brings exceptional power to the struggle for justice and liberation. At a time when civil resistance is actively reshaping global political realities, the science of nonviolent struggle deserves the attention of the scientific, activist, strategic, military, spiritual, and diplomatic communities, as well as the informed
