oncology / Laszlo Galffy and Clayton Varga -- Fertility preservation in gynecologic oncology / Nicole Fleming -- Herbs / Scott Lentz and Alexander Vasilev -- End-of-life decision making / Scott E. Lentz.

Sommario/riassunto

New edition fully includes Grades and Levels of evidence, providing a better idea of what the sum total of existing evidence suggests regarding key topics. Grades and levels of evidence consistently highlighted throughout. Greater number of tables and algorithms ("decision trees") for key decision-making areas. "Scope of concept" introduction to chapters are significantly enhanced, allowing the reader to reference the concepts while reviewing the specific details in the clinically oriented chapters. The only available book with an evidence-based approach covering this speci
