

1. Record Nr.	UNINA9910139465503321
Titolo	Communications in applied and industrial mathematics
Pubbl/distr/stampa	Roma, : SIMAI, 2010- Warsaw, Poland, : De Gruyter Open
Soggetti	Mathematics Mathematics - Industrial applications Mathematics - Scientific applications Mathematiques - Applications industrielles Mathematiques - Applications scientifiques Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	"Communications in Applied and Industrial Mathematics (CAIM) is one of the official journals of the Italian Society for Applied and Industrial Mathematics (SIMAI). The journal focuses on the applications of mathematics to the solution of problems in industry, technology, environment, cultural heritage, and natural sciences, with a special emphasis on new and interesting mathematical ideas relevant to these fields of application."
