Sommario/riassunto	Using empirical case materials from the Philippines and referring to rich experiences from different countries historically, this book offers conceptual and practical conclusions that have far-reaching implications for land reform throughout the world. Examining land reform theory and practice, this book argues that conventional practices have excluded a significant portion of land-based production and distribution relationships, while they have inadvertently included land transfers that do not constitute real redistributive reform. By direct implication, this book is a critique of both m
