Sommario/riassunto

Praise for Happiness, Healing, Enhancement ""Filled with good strategies based in research, compelling case material, and most importantly, practical advice, this book belongs in the library of everyone interested in what it means to live well. It provides not only ample food for thought, but for action.""-Christopher Peterson, Professor of Psychology, University of Michigan ""If you are a therapist, a coach-or if you want to help yourself and others flourish-then this book is a must-read. It is an important theoretical and practical contribution to the field of positive psychol

Sommario/riassunto	Das Großherzogtum Berg - einer von drei Staaten, die Napoleon Bonaparte auf dem Boden des Alten Reiches ins Leben rief und die mit dem Untergang seiner Herrschaft allesamt wieder von der politischen Landkarte verschwanden - ist als Hintergrund für die Frage nach Funktion, Wesen und Wirken napoleonischer Herrschaft bestens geeignet. Mit Hilfe der Verknüpfung von Politik-, Verfassungs-, Verwaltungs- und Kulturgeschichte gibt Bettina Severin-Barboutie Antworten auf die Zusammenhänge zwischen französischer Reformpolitik, dem Ausbau staatlicher Macht und der Modernisierung von Staat und Gesellschaft im frühen 19. Jahrhundert.

Nota di contenuto	We do not wish to move a finger -- The myth of democracy -- The communists take over -- The merchants of the Kremlin -- Empire by coercion -- Containment, rollback, liberation or inaction?
Sommario/riassunto	Based on new archival evidence, examines Soviet Empire building in Hungary and the American response to it. Hungary was not important enough to resist the Soviets, its democratic opposition failed to win American sympathy, the US simply had no leverage over the Soviets, who sacrificed cooperation with the West for a closed sphere in Eastern Europe. The imposition of a Stalinist regime assured Hungary's unconditional loyalty to Soviet imperial needs. Unlike the GDR, Eastern Europe was never considered a bargaining chip for bettering relations

with the West. The book analyzes why, given all its idealism and power, the US failed even in its minimal aims concerning the states of Eastern Europe. Eventually both powers pursued power politics: the Soviets in a naked form, the US subtly, but both with little regard for the fate of Hungarians.
