

1. Record Nr.	UNINA9910139925103321
Titolo	Cardiogenic shock // edited by Judith S. Hochman, E. Magnus Ohman
Pubbl/distr/stampa	Dallas, Texas : , : Wiley-Blackwell, , 2009 ©2009
ISBN	1-4443-1692-3 1-4443-1693-1
Descrizione fisica	1 online resource (285 p.)
Collana	AHA Clinical Series
Disciplina	616.1207575 616.1237
Soggetti	Cardiogenic shock Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	The AHA Clinical Series; Contents; Contributors; Preface; Foreword; 1 Diagnosis, epidemiology, and risk factors; 2 Pathophysiology; 3 General management: pharmacotherapy and mechanical ventilation; 4 Left ventricular pump failure: general considerations for management; 5 Pathophysiology and management of shock due to right heart ischemia; 6 Ventricular septal rupture and tamponade; 7 Valvular heart disease in cardiogenic shock 8 Cardiogenic shock in other heart diseases: Acute decompensation of chronic heart failure, myocarditis, transient apical ballooning syndrome, peripartum cardiomyopathy, hypertrophic cardiomyopathy, restrictive cardiomyopathies, and thyrotoxicosis 9 The role for mechanical circulatory support for cardiogenic shock; 10 Percutaneous coronary intervention for cardiogenic shock; 11 Coronary artery bypass grafting; Index; Author Disclosure Table
Sommario/riassunto	* A comprehensive source of information on the management of cardiogenic shock* Part of the AHA Clinical Series published in conjunction with the American Heart Association* Focuses on high-interest and emerging topics in cardiovascular disease targeted to cardiologists and other interested healthcare providers* A useful tool

for investigating, evaluating and treating one of the most important
lingering challenges in acute cardiovascular care
