Disciplina	641.2/22
Soggetti	Grapes - Varieties Wine and wine making Wine industry Viticulture
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 27 May 2016).
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	This new database charts exactly what varieties are grown in which regions around the world. Since the data sets are based on two broad census periods, in 2000 and 2010, readers can also follow major planting trends around the world during the first decade of this new century. This colossal trawl makes it the perfect complement to last year's publication of Wine Grapes by the doughty Robinson, Harding and Vouillamoz.
