

1. Record Nr.	UNINA9910140196803321
Autore	Haus Emanuele
Titolo	Dynamics of an elastic satellite with internal friction [[electronic resource]] : asymptotic stability vs collision or expulsion / / Emanuele Haus
Pubbl/distr/stampa	Ledizioni, 2013 Milano : , : Libreria Ledi Srl, , 2013
Collana	Mathematical Sciences
Soggetti	Mathematical sciences Statistics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	The Graduate School in Mathematical Sciences of the University of Milan consists of two PhD Programmes, one in Mathematics and the other one in Mathematics and Statistics for Computational Sciences. The series includes selected PhD Theses of the School for a better diffusion of them within the international scientific community. Digital copies of all volumes in this series will be available in Open Access at AIR, the Institutional Archive of the University of Milan.
