

1. Record Nr.	UNINA9910140258303321
Titolo	Molecular therapy oncolytics
Pubbl/distr/stampa	New York, NY : , : Nature Publishing Group, , [2014]-[2023] Cambridge : , : Cell Press
Descrizione fisica	1 online resource
Disciplina	616.99406
Soggetti	Cancer - Treatment Viruses - Therapeutic use Cellular therapy Neoplasms Genetic Therapy Molecular Biology Periodical Fulltext Internet Resources. Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	" ... fields of oncolytic virotherapy and T cell-based therapies, Molecular Therapy-- Oncolytics considers top-quality, cutting-edge research that employs innovative molecular and cellular approaches that target cancer cells for destruction, whether by viruses, other microorganisms, vaccination, or by transfer of cells and/or genes."
