

1. Record Nr.	UNINA9910140354303321
Autore	Hamilton Stuart (Writer on water)
Titolo	Leak detection : technology and Implementation // Stuart Hamilton and Bambos Charalambous
Pubbl/distr/stampa	IWA Publishing, 2013 London, UK : , : IWA Publishing, , 2013
ISBN	9781780404714
Descrizione fisica	1 online resource (106 pages)
Disciplina	363.61
Soggetti	Water supply & treatment
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Ageing infrastructure and declining water resources are major concerns with a growing global population. Controlling water loss has therefore become a priority for water utilities around the world. In order to improve efficiencies, water utilities need to apply good practices in leak detection. Leak Detection: Technology and Implementation assists water utilities with the development and implementation of leak detection programs. Leak detection and repair is one of the components of controlling water loss. In addition, techniques are discussed within this book and relevant case studies are presented. This book provides useful and practical information on leakage issues.
