Sommario/riassunto	This book was born from an invitation to participate in the monographic of the Forum historiae iuris on the history of law in Latin America, with a panoramic review of Mexican legal historiography during the last 20 years? Extensive essay focused on the rich historiography of the nineteenth century (1808-1910), aware that the historiography of Indian law has also developed spectacularly recently. As a historiographic review, this work is a synthesis work, but rather an invitation to immerse oneself in specialized research, whose valuable contributions are practically unknown by non-legal historians and jurists disconnected from history. I hope that The New Mexican Legal Past may serve as a guide for a new general history of Mexican law, so much needed in our universities. Pablo Mijangos y González, is a Doctor in History from the University of Texas at Austin, USA. He is a Professor-Researcher. He currently works as a Professor of the History Division. In his branch as a researcher, his lines of interest are related to the Comparative History of Mexico and the United States in the 19th century. The History of Law and The Catholic Church in the face of the

liberal Reformation.
