Note generali	<p>Title from home page (viewed June 2, 2004).</p> <p>"Each issue of Classics@ is meant to be not static but dynamic, continuing to evolve with interaction from its readers as participants. New issues will appear when the editors think there is good material to offer. Often it will emphasize work done in and through the Center for Hellenic Studies, but it will also call attention to fresh and interesting work presented elsewhere on the web."--Introduction on home p.</p>
