Sommario/riassunto	Learn to use the new Flash Catalyst to create rich Internet applications Adobe Flash Catalyst enables you to take designs from Photoshop and Illustrator and convert them into rich Flash-based applications-without writing or even understanding one line of code. It may sound too good to be true, but this helpful reference shows you how to leverage the Flash skills you already have in order to convert your ideas into functioning applications. You'll explore everything from the basics of the Flex framework to using Flash Builder to complete conversion of an application.Shows you
