

1. Record Nr.	UNINA9910140602403321
Autore	Urgelles-Coll Miriam
Titolo	The syntax and semantics of discourse markers / / Miriam Urgelles-Coll
Pubbl/distr/stampa	London, : Continuum International Pub. Group, 2010
ISBN	1-282-57685-2 9786612576850 1-4411-2605-8
Edizione	[1st ed.]
Descrizione fisica	1 online resource (179 p.)
Collana	Continuum studies in theoretical linguistics
Disciplina	401.41
Soggetti	Discourse markers Discourse analysis Sociolinguistics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [164]-168) and index.
Nota di contenuto	Contents; 1 Introduction; 2 Background; 3 HPSG and SDRT; 4 Anyway: An Informal Analysis; 5 Anyway: A Formal Analysis; Notes; Bibliography; Index
Sommario/riassunto	In this book, Miriam Urgelles-Col examines the syntax and semantics of discourse markers. A discourse marker can loosely be defined as an item such as well or now , coming at the beginning of an utterance and marking a boundary between one part of spoken discourse and the next, signalling the start of a new section of the discourse. They perform important functions in conversation -- but defining discourse markers is problematic in itself. The syntactic approach employed in this book to describe discourse markers is Head-Driven Phrase Structure Grammar (HPSG) which is relevant in a theory of
