| Sommario/riassunto | Bringing together a collection of essays by prominent scholars, The Blackwell Companion to Nineteenth Century Theology presents a comprehensive account of the most significant theological figures, |

movements, and developments of thought that emerged in Europe and America during the nineteenth century. Representing the most up-to-date theological research, this new reference work offers an engaging and illuminating overview of a period whose forceful ideas continue to live on in contemporary theologyA new reference work providing a comprehensive account of the
