Sommario/riassunto

This book examines the economic, political and security interests of India, Europe and the European Union towards Asia. It analyses their participation in major Asian multilateral organizations, responses to connectivity and Brussels' differential engagement of China and India. It evaluates Indian and European/EU policy towards West Asia, the Iran Imbroglio, the Indo-Pacific and South Asia (Afghanistan, Myanmar and Kashmir). It highlights the elements of convergence/divergence and assesses the challenges and prospects of India-European cooperation in the context of a more assertive China and growing European engagement with Asia. Rajendra K. Jain was formerly Professor and Chairperson at the Centre for European Studies, and Director, Europe Area Studies Programme, Jawaharlal Nehru University, New Delhi, India. He has been the first Jean Monnet Chair in India and has most recently published *India and the European Union in a Turbulent World* (Palgrave Macmillan, 2020), *Changing Indian Images of the European Union: Perception and Misperception* (Palgrave Macmillan, 2019) and *India, Europe and Pakistan* (Knowledge World, 2018).
