| Sommario/riassunto | "This book is a comprehensive and insightful overview of international real estate focusing on three of the BRICs: China, India and Brazil. I was pleasantly surprised to find useful market data and industry profiles for each of the countries that were very consistent with my first hand experience. The book has a wealth of information for the real estate investment analyst and practitioner and will be very useful to those seeking guidance on what to expect in emerging markets."-Joseph F.
