Sommario/riassunto	The world's best financial minds help us understand today's financial crisis. With so much information saturating the market for the everyday investor, trying to understand why the economic crisis happened and

what needs to be done to fix it can be daunting. There is a real need, and demand, from both investors and the financial community to obtain answers as to what really happened and why. Lessons from the Financial Crisis brings together the leading minds in the worlds of finance and academia to dissect the crisis. Divided into three comprehensive sections-The Subprime Cris
