Sommario/riassunto	Globalizing Responsibility: The Political Rationalities of Ethical Consumption presents an innovative reinterpretation of the forces that have shaped the remarkable growth of ethical consumption. Develops a theoretically informed new approach to shape our understanding of the pragmatic nature of ethical action in consumption processesProvides

empirical research on everyday consumers, social networks, and campaigns
Fills a gap in research on the topic with its distinctive focus on fair trade consumption
Locates ethical consumption within a range of social
