Sommario/riassunto	Introduction to Private Equity is a critical yet grounded guide to the private equity industry. Far more than just another introductory guide, the book blends academic rigour with practical experience to provide a critical perspective of the industry from a professional who has worked at many levels within the industry, including insurance, funds of funds, funds and portfolio companies. The book looks at private equity from the point of view of the individual or the business. How is a private business valued? How is the acquisition transaction processed? What are the due diligence
