Descrizione fisica	1 online resource (180 p.)
Collana	IMISCOE dissertations
Disciplina	301
Soggetti	Foreign workers - Spain Self-employed - Spain Minority business enterprises
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Introduction and context -- pt. 2. Theoretical discussion -- pt. 3. Empirical study -- pt. 4. Conclusions and implications.
Sommario/riassunto	Are immigrants more enterprising than natives in Spain? How successful are migrant entrepreneurs compared to those who start businesses in their country of birth? With the growth of migration worldwide, questions such as these are garnering the attention of economists, policymakers and scholars. Born Entrepreneurs? asks how foreignness affects an immigrant's ability to launch and to grow a successful business. It also explores the economic and social benefits that immigrants might derive from self-employment and the unique factors at play in so-called ethnic and immigrant entrepreneurship.
