Sommario/riassunto

Human resource management is a vital function of any organization, at the nexus of business practice, psychology, and law. This one-of-a-kind and all-in-one print and online encyclopedia offers access to information on all manner of topics and issues related to the "people" side of business. Volume 1 covers an A-Z spectrum of all the key topics and issues related to human resource management, labor, and workplace policy. For professionals in human resource management, the Encyclopedia serves as a must-have reference. For students, researchers, and educators, it is a first stop
