Sommario/riassunto

A concise study of the practices in Islamic commercial law Filling a gap in the current literature, Islamic Commercial Law is the only book available that combines the theory and practice of Islamic commercial law in an English-language text. From the experts at the International Islamic University Malaysia, the book examines the source materials in the Qur'an and Hadith, and highlights the views and positions of leading schools of Islamic law, without burying the reader in juristic minutia. It combines theory with practice to address the needs of students while providing a pra
