Sommario/riassunto	Hands-on tools to identify and profit from the market's recent patterns Trading is all about managing probabilities. In Trading with the Odds, Anthony Trongone explains that the quest for developing a perfect system, which drives most traders, is fruitless. Instead, traders should focus on developing the analytic and trading skills necessary to stay in tune with the constant evolution of the financial markets. In this book, Trongone emphasizes the importance of testing and monitoring trading strategies and raw market data as a means of developing an edge over other traders who
