Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Sommario/riassunto	Ethics and Auditing examines ethical challenges exposed by recent accounting and auditing 'lapses' through a study of interconnected moral, legal and accounting issues. The book aims to engage a broad readership in the discussion of audit failure and reform. With its range of intellectual and practical perspectives, Ethics and Auditing provides critical analyses of auditor independence, conflicts of interest, self-regulation, the setting and enforcing of auditing standards, and ethics education.
