Sommario/riassunto	This recommended practice encompasses the monitoring of electrical characteristics of single-phase and polyphase ac power systems. It includes consistent descriptions of conducted electromagnetic phenomena occurring on power systems. This recommended practice describes nominal conditions and deviations from these nominal conditions that may originate within the source of supply or load equipment or may originate from interactions between the source and the load. Also, this recommended practice discusses power quality monitoring devices, application techniques, and the interpretation of monitoring results.

Sommario/riassunto	<p>The story is set in 1757, during the French and Indian War, when France and Great Britain battled for control of North America. During this war, the French depended on its Native American allies to help fight the more numerous British colonists in the Northeast frontier areas. Plot Cora and Alice Munro, daughters of Lieutenant Colonel Munro, are traveling with a column of reinforcements from Fort Edward to Fort William Henry, where Munro is commanding an army. In the party are David Gamut, the singing teacher, and Major Duncan Heyward, the group's military leader. Magua, a Huron scout allied with the French, leads them into an ambush. Natty Bumppo (also known as Hawkeye) and his two Mohican friends, Chingachgook and his son Uncas, rescue the party just in time. Knowing that Magua (also known as Le Renard Subtil, the cunning fox) will soon return with reinforcements, Hawkeye and the Mohicans lead their new companions to a nearby cave. A group of Hurons sent by Magua chase them into the cave. After a fierce struggle, Hawkeye and his friends decide to split up the group for safety. Hawkeye and the Mohicans hide in a nearby stream, while Heyward, Gamut, and the Munro sisters retreat into the cavern. (Taken from Wikipedia)</p>
