

1. Record Nr.	UNINA9910141876203321
Titolo	Information Systems and Computer Networks (ISCON), 2014 International Conference on // Institute of Electrical and Electronics Engineers (IEEE)
Pubbl/distr/stampa	Piscataway, New Jersey : , : Institute of Electrical and Electronics Engineers (IEEE), , 2014
ISBN	1-4799-2981-6
Descrizione fisica	1 online resource (141 pages) : illustrations
Disciplina	004.6
Soggetti	Network computers Computer networks Computer systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The second International Conference and 9th conference in sequence, Information Systems & Computer Networks (ISCON 2014) is a forum in which deliberations will pertain to various topics in Information Systems and Computer Networks ISCON 2014, is an international conference where research inputs on issues related to theory, practices, and applications of Information Systems & Computer Networks and associated topics will be presented and discussed Topics covered under broad areas are Track 1 Information Systems Database Security, Data Warehouses and Data Mining, Information Retrieval, Software Engineering, AI and Decision Support Systems, Internet Technology, Image Processing and Computer Vision Track 2 Computer Networks P2P Networks, Cloud and Grid Computing, Network Management and Traffic Engineering, Cross Layer Design and Optimization, Wireless and Sensor Network, Ad hoc Network.
