### Sommario/riassunto

This volume tackles key issues in the changing nature of family life from a global perspective, and is essential reading for those studying and working with families. Covers changes in couple relationships and the challenges these pose; parenting practices and their implications for child development; key contemporary global issues, such as migration, poverty, and the internet, and their impact on the family; and the role of the state in supporting family relationshipsIncludes a stellar cast of international contributors such as Paul Amato and John Coleman, and contribut
