Sommario/riassunto	<p>LIBER represents and promotes the interests of research libraries in Europe. The overall aim is to assist research libraries in Europe to support a functional network across national boundaries in order to ensure the preservation of the European cultural heritage, to improve access to collections in European research libraries, and to provide more efficient information services in Europe. In order to fulfil these tasks, LIBER actively encourages its membership to support its work by making available expertise within individual member libraries.</p>
