Emergence from coma after brain injury: Freeman's contribution; 5. What future after emergence?; 6. Trials and tribulations; 7. Concerted opposition in Australia; 8. International support forthcoming; 9. Some conclusions
Sommario/riassunto	This book recounts some experiences of young Australians with catastrophic brain injuries, their families and the medical system which they encountered. Whilst most of the events described occurred two to three decades ago they raise questions relevant to contemporary medical practice.
