Maulik -- The Homeless Mentally Ill / Viviane Kovess -- Mental Health Consequences of Disasters / Evelyn J. Bromet, Johan M. Havenaar -- Mass Media and Psychiatry / Olga Cuenca.
Sommario/riassunto	Psychiatry in Society provides an overview of the recent socio-economic and cultural changes affecting mental health and mental health care. These changes include: * The increasing complexity of the economic contexts within which mental health services are funded and delivered * The demand for cost-effectiveness evidence * The rationing of access to new pharmacotherapies and psychotherapies * The emergence of quality of life as an essential criterion in the assessment of health care interventions * The growing awareness of the influence of stigma on shaping the long-term course of severe mental disorders * The enhanced role of advocacy groups in providing information, advice and support to sufferers This book will be of interest to psychiatrists and psychologists, mental health workers, managers and policy makers.
