

1. Record Nr.	UNINA9910142565803321
Titolo	Chemical speciation and bioavailability
Pubbl/distr/stampa	[Surrey, England] : , : Science and Technology Letters, , 1989-
ISSN	2047-6523
Descrizione fisica	1 online resource
Disciplina	628.5/2
Soggetti	Pollution Speciation (Chemistry) Bioavailability Environmental chemistry Especiació (Química) Biodisponibilitat Contaminants Química ambiental Periodicals. Revistes electròniques
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed
Sommario/riassunto	Publishes results and reviews on the chemical, biological, toxicological, and ecological effects of chemical species in the environment and on methodology for the determination of chemical species and their bioavailability.
