| Sommario/riassunto | In Seriously!, Cynthia Enloe, author of the groundbreaking analysis of globalization, Bananas, Beaches, and Bases, addresses two deeply gendered and contested questions: Who is taken seriously? And who gets to bestow the label "serious" on others? With a strategy of taking both women and gender dynamics seriously, Cynthia Enloe investigates the Dominique Strauss-Kahn affair and the banking crash of 2008, the |

subsequent recession, as well as UN peacekeeping and the ongoing Egyptian revolution. Each case study highlights the gritty experiences of women in diverse circumstances-in banks, on the job market, in war zones, and in revolutions. The results of taking women seriously are fresh insights into what fuels the cultures of hyper-risk taking, of sexual harassment, and the denial of women's post-war security.
