Sommario/riassunto	A unique collection of newly written essays by archaeologists working

in a variety of contexts and geographical areas, *Archaeologies of Memory* is a groundbreaking text that presents a coherent framework for the study of memory in past societies. Serves as an accessible introduction to central issues in the study of memory, including authority and identity, and the role memory plays in their creation and transformation. Presents a collection of newly commissioned essays that provide a coherent framework for the study of memory in past societies. Brings tog
