"Clinton parameters" (presented by President Bill Clinton to the Israeli and -- Palestinian negotiators on December 23, 2000).
	Sommario/riassunto	This study examines key external security issues that must be met for there to be a successful independent Palestinian state following a peace agreement with Israel. It makes proposals for an international (NATO-led) peace-enabling force, Palestinian security forces, and liaison and confidence-building cooperation between Palestine and Israel.
