

1. Record Nr.	UNINA9910143287103321
Titolo	Challenges in inflammatory bowel disease [[electronic resource] /] / edited by Derek Jewell ... [et al.]
Pubbl/distr/stampa	Oxford, : Blackwell, 2006
ISBN	1-280-74802-8 9786610748020 0-470-98494-5 0-470-75317-X 1-4051-7176-6
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (414 p.)
Altri autori (Persone)	JewellD. P
Disciplina	616.344
Soggetti	Inflammatory bowel diseases Internal medicine Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Inflammatory Bowel Disease; Contents; List of Contributors and Editors; Preface; I Clues to aetiology and pathogenesis; 1 Global changes in incidence; 2 The role of genetics in inflammatory bowel disease; 3 Microbial sensing in the intestine by pattern recognition receptors; 4 The role of bacteria; 5 The appendix - how might it influence susceptibility to ulcerative colitis: the legend of Qebehseuef; II Diagnosis and assessment; 6 What are the controversies in histopathological diagnosis? 7 The challenges of using capsule endoscopy in the diagnosis and management of inflammatory bowel disease8 Cross-sectional imaging of inflammatory bowel disease; III Management of ulcerative colitis; 9 Mesalazine for maintenance therapy in ulcerative colitis - how much, how long?; 10 Refractory distal colitis; 11 Pharmabiotics and inflammatory bowel disease - on the verge of evidence-based medicine; 12 Current controversies in the surgical management of ulcerative colitis; 13 What are the causes and treatment of ileoanal pouch dysfunction?; IV Management of Crohn's disease

14 Is mesalazine useful in Crohn's disease? 15 Steroids or nutrition?; 16 Do antibiotics have a role in Crohn's disease?; 17 The optimal use of infliximab in Crohn's disease; 18 Designer drugs: from bench to bedside; 19 Current controversies in the surgical management of Crohn's disease; 20 Perianal Crohn's disease; 21 What is dysplasia?; 22 Colonoscopic surveillance - if and when?; 23 Cancer: new colonoscopic techniques; 24 Molecular markers - a realistic hope?; 25 Adenomas versus dysplasia associated lesion or mass - recognition and management; V Special management problems  
26 Growth impairment in children 27 Osteopenia; 28 Pregnancy; 29 Can prognosis of ulcerative colitis be predicted?; Index
