Nota di bibliografia	Includes bibliographical references (p. 101-102) and index.
Nota di contenuto	Introduction: The stories -- The world, the flesh, and the devil -- The lethal marriage of ideology and opportunity -- Humility and hope.
Sommario/riassunto	Citing recent examples including Enron, Arthur Andersen, and WorldCom, Permission to Steal explores what went wrong and advocates a universal reassessment of what is considered "good" in corporate America. A fascinating exploration of the recent corporate scandals which have rocked the global business community. Written with sharp and compelling style, suitable for students, professionals, and general readers. Companion website offers discussion points for the book as well as an up-to-date chronology of ongoing corporate scandals.
